**STATEMENT OF TRANSLATOR**

I, the below-named translator, hereby declare that:

1. My name and mailing address are as stated below.
2. I am knowledgeable in the English language and in the German language.
3. I prepared English translations of German-language documents that were submitted by Applicant with a supplemental Information Disclosure Statement in the above-referenced patent application on January 23, 2007. Among those documents were:

D1: Fachinformation (“Technical Information”) SICCAPROTECT\*, Ursapharm  
Arzneimittel GmbH, January 1990.

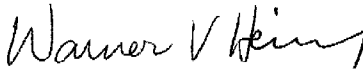

D2: “producta ophthalmica sterilisata,” Ursapharm, January 1988.

D3: “SICCAPROTECT\*,” Ursapharm Arzneimittel GmbH & Co. KG, September 2000.

D4: Fachinformation zur Substanzgruppe Kuenstliche Traenen (“Technical information  
on Artificial Tear Substances”), including Datasheet for Siccprotect® Augentropfen  
 (“Eye drops”).

4. In each of the above-listed documents, the German-language phrase “Bei harten  
Kontaktlinsen zur Nachbenetzung während des Tragens” occurs.

5. I originally translated the phrase “Bei harten Kontaktlinsen zur Nachbenetzung während des Tragens” as “On hard contact lenses, for added moistening while these are worn” for documents D1 and D2, and as “On hard contact lenses for remoistening while these are worn” for documents D3 and D4.
6. My original translations were incorrect and were made in error without deceptive intent.
7. The correct translation of the German-language phrase “Bei harten Kontaktlinsen zur Nachbenetzung während des Tragens” is “With hard contact lenses, for added moistening while these are worn.”
8. I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
